

MATHEUS COSTA

DEVELOPER – 21 YEARS

Currently, I work in the administrative area of a school of the City Hall of São Bernardo do Campo. I am in a career transition to the technology area, a field in which I have great interest. In addition to the knowledge acquired in college and in specialized courses, I study in a self-taught manner and have knowledge in the following technologies: **JavaScript (ES6), Python, PHP, Node.js, MySQL, HTML, and CSS.**

TECHNOLOGIES

Javascript(ES6)

Python

PHP

Nodejs

MySQL

HTML

CSS

PROJECTS

PERSONAL FINANCE WEBSITE ([link](#))

Under development (not responsive, desktop only).

This project was developed for my college thesis. I developed it on my own, and the idea was to create a website without frameworks, using pure JavaScript.

Technologies: MySQL, PHP,
JavaScript, HTML, and CSS
